Emergency Alert Notifications

Santa Cruz Consolidated Emergency Communications Center (9-1-1) has launched a new Emergency Notification system which can be used by center staff to send important messages to residents and businesses within Santa Cruz County. The system has the capability of sending thousands of messages in a very short time based on geographic location of the incident.

Examples of uses may be:

- **Request for community assistance in locating missing children**
- **Evacuation notices due to emergency situations**
- **Be-on-the-lookout notices for dangerous criminals in your area**

Santa Cruz Consolidated Emergency Communications Center (9-1-1) contracts with Avtex Solutions, utilizing their CityWatch Emergency Notification platform. Landline phone numbers have been uploaded into the system but cell phone numbers require individual registration.

Sign up to have your cell phone included!

In order for you to be notified via the CityWatch notification system, your cell phone number must be included in the telephone number database.

To register your phone, go to our website at:

www.SCCECC.org

Click on the provided link. You will be directed to the Community Notification Sign-Up page. Please complete and submit the form. Your email address is not necessary at this time.

Receive emergency notification telephone calls on your cell phone for your geographic area.

If your cell phone provider is not listed, you can e-mail your name, address, phone number and email address to: Dennis@sccecc.org to be added to our database.
